DETAILED ACTION

Allowable Subject Matter

1. Claims 1-16 are allowed.
2. The following is an examiner's statement of reasons for allowance: The claims have been amended to overcome the prior art rejections, and the examiner agrees with applicant's characterization of how the claims distinguish over the prior art of record. All outstanding rejections and objections have been overcome and are withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The reference to Wagoner (5,236,064) discloses an adaptor for a liquid filter.
